*Allowable Subject Matter*

Art Unit: 2144

1. Claims 1-10, 14, 17, 20-23, 27, 29-32 and 34 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In US 5,987,100 by Fortman et al, a notification is sent from a server to a client to inform the client that an event has occurred. With the notification, the client is given the opportunity to make a request for information at the client's convenience. In applicant invention, any indication that the server is holding information for a client, triggers an automatic request to be made from the client to the server. Prior arts failed to teach this feature

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
